# ECCO GROUP – WE MANAGE FRICTION

The ECCO GROUP companies have been developing products and technologies for a wide range of industrial applications since 1969.

## **setral®** **TECCEM® & Fluoronox®**

Specialty lubricants such as greases, pastes, oils, bonded coatings and chemical-technical products such as cleaners and corrosion protection fluids for industrial applications.

## **MIPO®**

Mixed powders used specifically as additives for friction linings, lubricants and self-lubricating plastics.

## **Plurasafe®**

Takeover of the PAG special oil range under the Plurasafe® brand from BASF® for further development, production and worldwide distribution.

## **Setralit®**

Industrial fibers based on renewable raw materials such as flax and hemp.

**SOCIETY FOR TECHNICAL STUDIES, RESEARCH AND  
APPLICATION OF LUBRICANTS**

setral® develops, produces and markets high-performance and specialty lubricants as well as chemical technical maintenance products for industrial applications. Our more than 55 years of experience benefit well-known customers worldwide. The use of the latest laboratory equipment, highly trained personnel and modern production makes us your innovative and reliable partner.

# Vision, Mission, Values

## OUR VISION

*WE MANAGE FRICTION.*

Lubricant solutions for technological progress

## OUR MISSION

*MEDIUM-SIZED. AGILE. COMMITTED.*

Your trusted technology partner for customized specialty lubricants

## OUR VALUES

### Safety

High product quality ensures safe manufacturing processes for our customers.

### Efficiency

Lean processes guarantee an efficient way of meeting your requirements.

### Team Spirit

Genuine team spirit creates a positive atmosphere for successful cooperation.

### Respect

Respect and a sense of responsibility towards colleagues, customers and the environment are the basis of our work.

### Attention

Worldwide presence allows us to meet the guidelines of regional markets in targeted manner.

### Loyalty

Common interests produce solidarity and mutual trust.

# Milestones

**1969**

Foundation of  
Sétral S.A. ,  
France

**1997**

Our company has been ISO 9001  
certified since 1997

In addition, we are certified  
according to:

ISO 14001:2015  
ISO 21469:2006  
Kosher and Halal

**2013**

Construction of new office building and  
warehouse in Romanswiller, France

Modernization of production halls for  
food-grade products

New production machinery with PDC/BDE  
(Production Data Collection) integration

**2021**

Setral® is one of the pioneers in the  
industry and has been certified as a  
climate-neutral company

Acquisition of the TECCEM® and  
Fluoronox® product lines

Expansion of sales activities in Asia

**2023**

Construction start of Plant 2 in  
France - doubling of warehouse  
capacity

Commissioning of a large-scale  
photovoltaic system

**2025**

Capacity expansion for  
large-scale production  
of specialty oils

Acquisition of  
additional land at the  
Seeshaupt, Germany  
site

**1984**

Acquisition of Sétral S.A. by  
ECCO Gleittechnik GmbH  
(shareholder Karl-Heinz Hensel)

Setral Chemie GmbH  
is founded

**2006**

Major investment in grease  
production and filling

Expansion of the "Private  
Label" and "Contract  
Manufacturing" business  
areas

**2018**

Expansion and investment in R&D  
through new laboratory  
equipment and testing devices

Extensive development of new  
greases and oils

Expansion into Latin America  
through new distribution  
partners

**2022**

Acquisition of the further  
development, production, and  
distribution of various Plurasafe®  
products from BASF

Realignment of the company  
strategy and marketing activities

**2024**

Commissioning of  
Plant 2

Awarded the  
Ecovadis Gold Medal

# Data & Facts

## > 55 years of expertise

the development and production of specialty lubricants and chemical maintenance products

## Certified

- ISO 9001:2005
- ISO 14001:2015
- ISO 21469:2006
- Kosher and Halal
- EcoVadis Gold Medal

## > 800 Products

In over 50 container variants.  
More than 100 products for the food and pharmaceutical industry

## Worldwide

We export to > 90 countries with more than 65 distributors

## Various highlights

- Over 380 OEM approvals and recommendations
- OEM supplier to the automotive industry
- Among the largest manufacturers of PAG lubricants in Europe
- One of the world's leading manufacturers of PFPE lubricants
- Licensed and appointed partner of BASF® SE

# Institutes & Associations

YOUR TECHNOLOGY PARTNER FOR INDIVIDUAL SOLUTIONS

## Research & Development

Through insights into our activities, setral® has earned the prestigious "Innovative through Research" seal. With a strategic focus, market awareness and technical expertise, we are committed as a member company in the Research Association for Drive Technology e.V., among other initiatives.

- Comprehensive testing and inspection facilities
- ERP-integrated quality management system
- Experienced team of chemists and engineers
- Continuous development of new products and solutions

PRODUCTION AND STORAGE AREA OF OVER 4.500 m<sup>2</sup>

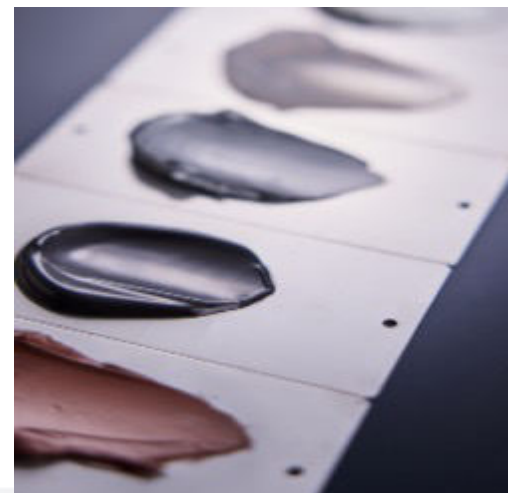

## Production

- Production of greases, oils, pastes, bonded coatings, solid lubricants and cleaners
- Flexible small and large-scale production
- Separate production areas for PFPE and H1 products, as well as PAG oils
- Modern machinery controls and operational data collection systems
- Filling available in a wide variety of containers, including special packaging such as screw-in cartridges, tubes, etc

## Business areas

### Direct Sales

We develop, produce and distribute specialty lubricants for your applications. We are your technology partner for lubricants.

### Private Label

We offer our trusted products or customized solutions under your brand

### Toll Production

We produce special lubricants according to your specifications and formulations

# Worldwide presence

**SUCCESSFUL IN MORE THAN 90 COUNTRIES WITH SATISFIED CUSTOMERS & PARTNERS**

## HEADQUARTERS & SALES

Setral Chemie GmbH  
Salzsteinstraße 4  
DE - 82402 Seeshaupt

## PRODUCTION AND R&D

Sétral S.à.r.l.  
13, rue Tannmuhle  
FR - 67310 Romanswiller

## SUBSIDIARIES

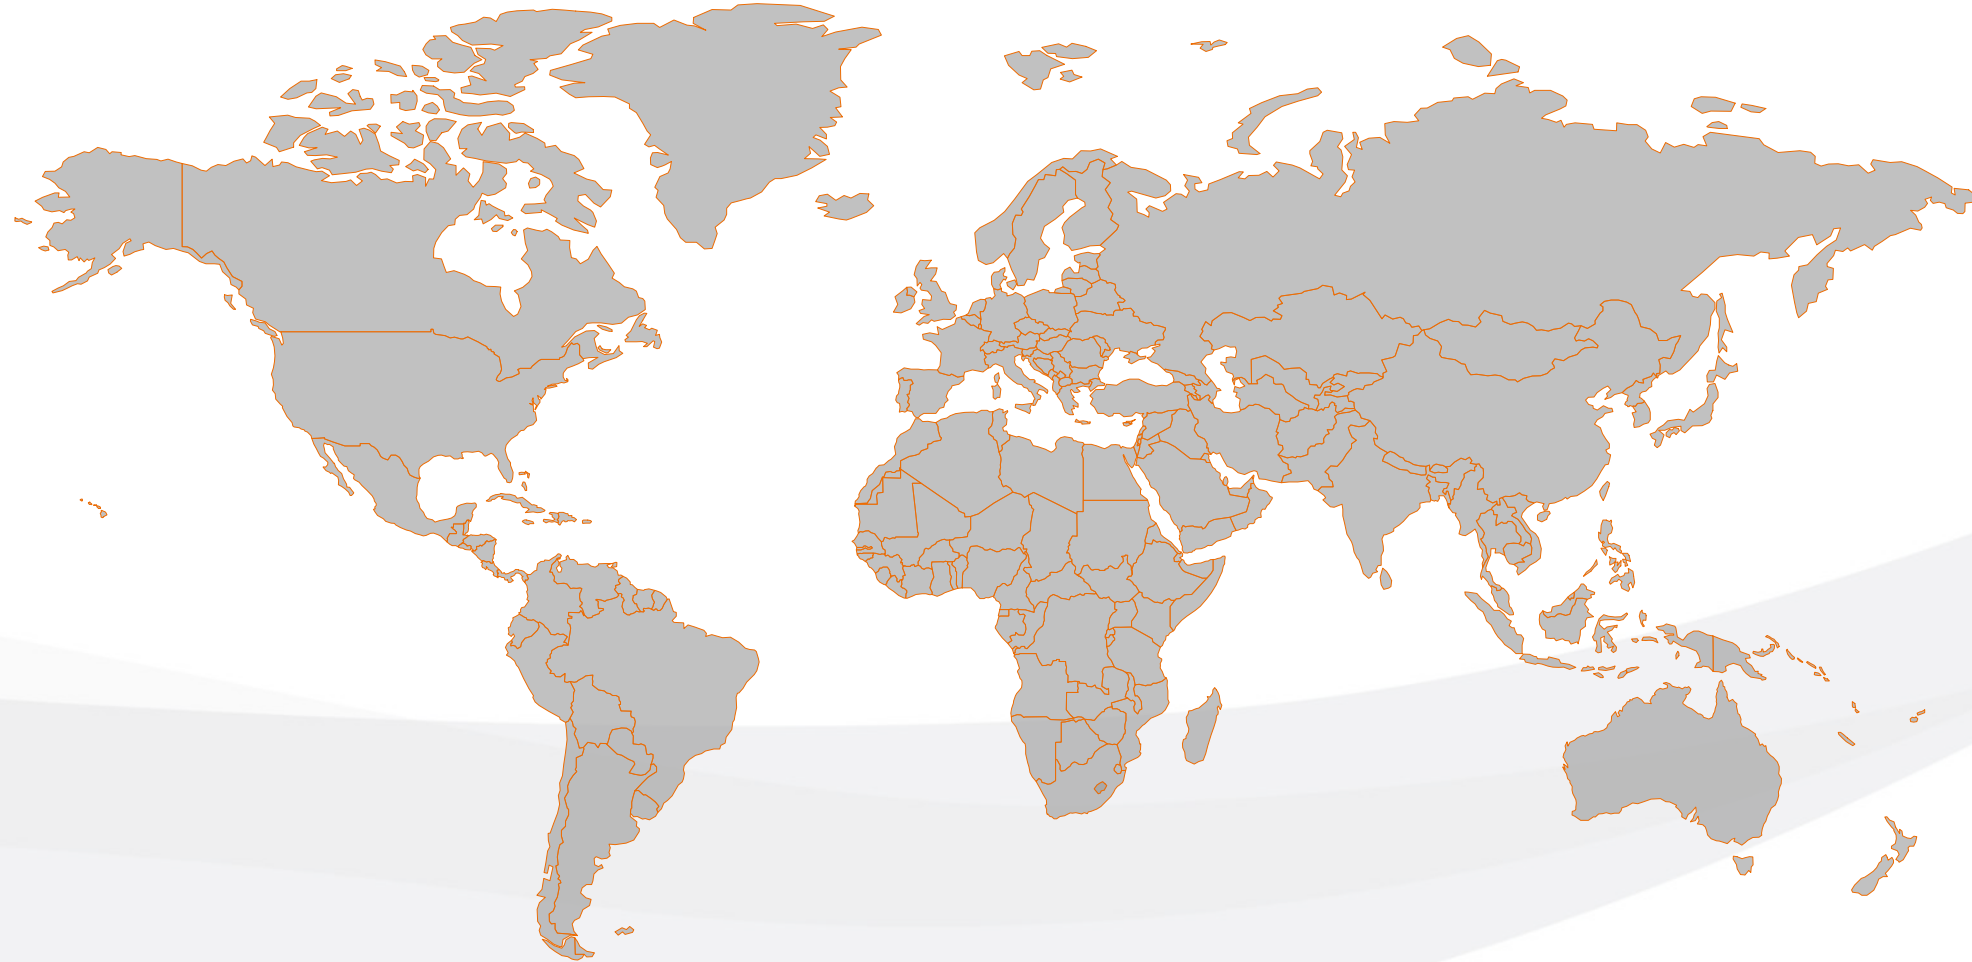

Setral Chemie m.b.H.  
Ölhafen Lobau c/o LSA  
AT - 1220 Wien

## Setral Lubricantes Lda.

Travessa do Castelo,  
Quinta das Mimosas  
PT - 2460 Alcobaça

## Setral Lubricantes GmbH

Bionstraße 5  
CH - 9015 St.Gallen

# Product portfolio

## SPECIAL LUBRICANTS AND MAINTENANCE PRODUCTS - THE RIGHT SOLUTION FOR EVERY APPLICATION!

Whether in maintenance, production or the OEM sector, our high-performance lubricants consistently meet the demands of our customers across nearly all industries.

### YOUR ADVANTAGES

- Significantly reduced friction and less wear
- Noticeably extended relubrication intervals
- Longer service life for equipment and machinery
- Lower energy consumption
- Reduced noise emissions
- Environmental preservation and reduced CO<sub>2</sub> footprint

**solid lubricants**

**high temperature oils**

**pastes**

**special oils**

**greases**

**metal working fluids**

**bonded  
coatings**

**cleaners**

# Quality & Responsibility

since 1997 **DIN EN ISO 9001**

We apply the most advanced standards in research, production, and quality assurance.

Our commitment: consistently high quality, worldwide. Quality and responsibility are the core principles of setral®.

Since 1997, we have been certified according to the DIN EN ISO 9001 standard and adhere to the most demanding standards, not only in the quality of our products but also in our responsible commitment to the environment and society.

Our products comply with the European Union's REACH regulation (Registration, Evaluation, Authorization, and Restriction of Chemicals), ensuring safety and regulatory compliance

since 2008 **DIN EN ISO 14001**

Our environmental management not only meets current requirements but is continually evolving to address future challenges.

We have been awarded the EcoVadis Gold Medal for our excellent sustainability management, a recognition achieved by only 5% of the companies evaluated.

As a climate-neutral certified company and a member of the Bavarian Environmental and Climate Pact, we offset our CO<sub>2</sub> emissions through recognized standards.

Seit 2018 **DIN EN ISO 21469**

Certified according to DIN EN ISO 21469 – a standard that ensures the hygienic production and application of lubricants in sensitive areas such as food production.

Additionally, our portfolio includes food-grade lubricants with Kosher and Halal certifications, adhering to the highest quality and purity standards.

setral® products comply with the strict requirements of international organizations for product registrations, such as NSF International.
